

# Gift Ideas

## Giving On A Budget

(NAPSA)—For the most special occasions, remember this: The best presents come from the heart. Rather than presenting an elaborate, expensive gift, consider these ways to show you care:

- **Be Crafty.** Everyone loves homemade gifts. Get creative—bakers can whip up tasty treats, gardeners can provide the ingredients for jams, and photographers can frame their work.

- **Give Time.** Make a difference by dedicating a few hours to help others in need. Gather friends and family to assist non-profit organizations.

**When you're watching your wallet, a bit of yourself can be the greatest gift of all.**

- **Share Your Story.** The Internet lets you easily share stories and memories. A new online community called Tokoni connects people through life experiences. Your gift can be your own story. You can create one or a collection of reminiscences for loved ones—giving them something truly unique—when you visit Tokoni at [www.tokoni.com](http://www.tokoni.com).
