## NO LICENSE NEEDED TO ENJOY THESE CARS

A GROUP OF TALENTED ARTISTS AND TECHNICIANS AT FELD ENTERTAINMENT HAS FOUND A COOL WAY TO BRING EVERYONE'S FAVORITE ANIMATED AUTOMOBILES TO LIFE IN THE NEW SHOW DISNEY ON ICE PRESENTS, "WORLDS OF FANTASY." THESE BELOVED AUTOS ARE MATER, LIGHTNING McQUEEN AND THE CREW FROM DISNEY/PIXAR'S "CARS," TO BE EXACT.

THE NEAR LIFE-SIZE CARS WERE DESIGNED AND BUILT BY FELD'S PROPS AND SCENIC DESIGN SHOP, HAGENBECK (HAGEN-BACK)-WALLACE, WITH CREATIVE GUIDANCE FROM PIXAR'S DESIGN TEAM. EVERY SKATING AUTO DRIVES FORWARD AND BACKWARD, BLINKS ITS EYES AND FEATURES WORKING HEADLIGHTS. MATER AND McQUEEN HAVE MOLDED RUBBER TALKING MOUTHS AND WEIGH JUST UNDER THREE THOUSAND POUNDS EACH.

THESE FAN FAVORITES ROAR ONTO THE ICE AT THE START OF "WORLDS OF FANTASY" AND REV UP THE ENERGY FOR THE REST OF THIS ACTION-PACKED SPECTACULAR. THE SHOW, FEATURING CLASSIC CHARACTERS SUCH AS MICKEY MOUSE AND MINNIE MOUSE, GOOFY AND DONALD DUCK, WEAVES TOGETHER FAVORITE SCENES FROM "THE LITTLE MERMAID," "THE LION KING" AND "TINKER BELL."

ACCORDING TO THE SHOW'S PRODUCER, KENNETH FELD, "MORE THAN EVER BEFORE, THERE'S SOMETHING FOR EVERYONE." LEARN MORE AT [W-W-W--DOT--DISNEY-ON-ICE--DOT--COM](http://www-disney-on-ice-dot-com).
