FOR THE HOME

YOU COULD BE MORE COMFORTABLE AT HOME FOR LESS MONEY. THE ENVIRONMENTAL PROTECTION AGENCY SAYS CLEANING A HEATING AND COOLING SYSTEM LETS IT RUN MORE EFFICIENTLY SO IT'S LESS LIKELY TO BREAK DOWN, LASTS LONGER AND OPERATES MORE EFFECTIVELY. SO, HOW TO CHOOSE A CLEANING CONTRACTOR? LOOK FOR A NATIONAL AIR DUCT CLEANERS ASSOCIATION MEMBER. THESE CONTRACTORS SIGN A CODE OF ETHICS, MEET STRICT REQUIREMENTS AND HAVE A CERTIFIED AIR SYSTEMS CLEANING SPECIALIST ON STAFF. YOU CAN FIND THESE PROFESSIONALS AT N-A-D-C-A--DOT--COM.
