

HEALTH MATTERS

AS THE NATION FACES AN URGENT NEED FOR NURSES DUE TO THE CORONA-VIRUS OUTBREAK, NURSE EDUCATORS ARE ON THE FRONT LINES TEACHING NURSING STUDENTS WHO WILL FILL THE SHORTAGE IN HOSPITALS AND OTHER HEALTH CARE SETTINGS.

A CAREER IN TEACHING GIVES NURSE EDUCATORS MANY BENEFITS. THEY LEARN THE LATEST IN HEALTH CARE SCIENCE AND HELP TO BUILD A STRONG AND DIVERSE NURSING WORKFORCE.

PLUS, SAYS THE NATIONAL LEAGUE FOR NURSING, NURSING EDUCATORS HAVE A MAJOR IMPACT ON IMPROVING AND PRESERVING LIVES, IN THE MOST TRUSTED PROFESSION IN THE COUNTRY—NURSING.
